

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

# REPORT

---

OREGON SOLDIERS' HOME, }  
ROSEBURG, Oregon, Nov. 30, 1910. }

*To Hon. F. W. Benson, Governor of Oregon:*

SIR: In the performance of my duty required by law, I have the honor to submit herewith my report for the biennial term ending September 30, 1910.

## POPULATION.

During the two years covered by this report the population of the Home has increased from a total of 131 names on the rolls September 30, 1908, to 166 on September 30, 1910, making a net gain of 35 members during the term.

## HEALTH.

The general health of the members during the two years just passed has been excellent, and notwithstanding the increased number cared for and the increasing age and feebleness of the members the number of deaths has been less than during the preceding term.

## IMPROVEMENTS.

Aside from general repairs absolutely necessary for keeping the buildings, plumbing, fixtures, etc., in good condition, no improvements have been made and all buildings are in good repair at this time excepting the electric wiring in the main building and hospital, which was put in sixteen years ago and is pronounced antiquated and dangerous by competent electricians. The buildings were all thoroughly cleaned and painted in 1907, and with the exception of some exposed porches and outside steps no painting will be needed during the coming term.

## FARM AND GARDEN.

The 30 acres of farm and garden has been maintained in a good state of cultivation, and has supplied the principal part of the fruit and vegetables for table use and also a considerable amount of provender for the animals kept at the Home.

## COTTAGES.

The cottages erected in 1905 for the use of members of the Home and their wives are in good repair and the grounds sur-

rounding them have been neatly kept and made quite attractive and pleasant by the occupants. The stoves which were placed in the cottages by the Grand Army of the Republic for the use of the occupants, have served their time, are worn out and should be replaced by new ones at once.

#### CEMETERY.

The Soldiers' Home cemetery now contains the graves of 178 veterans of the various wars in which the United States has been engaged. Applications have been made to the Quartermaster General, U. S. A., for government headstones from time to time and they have been supplied and properly set over the graves of the deceased veterans. The cemetery has been carefully cared for, and on each Decoration Day impressive ceremonies are held therein by the Grand Army of the Republic and the Woman's Relief Corps, assisted by Company —, 4th Regiment Oregon National Guard.

#### MUSTER AND INSPECTION.

The Home has been mustered and inspected four times during the period covered by this report, three times by Lieut. Col. C. W. Wadsworth, Asst. Inspector General N. H. for D. V. S., and once by Col. W. E. Elwell, Asst. Inspector General and Chief Surgeon N. H. for D. V. S., and they each expressed themselves well pleased with the excellent condition maintained at this institution.

#### UNITED STATES AID.

Prior to January 1, 1909, the United States did not aid the State in the support of Indian war veterans as it did for the support of the veterans of the Mexican, Civil and Spanish-American wars; but on that date the President of the Board of Managers N. H. for D. V. S. ordered that certain Indian war veterans then present be taken up as gains on the roll of veterans for whose support U. S. aid is claimed, and on the date named 24 Indian war veterans were dropped from the roll for which U. S. aid is not allowed and added to the roll for which aid is claimed, and later others have been taken up on this roll as they were admitted to the Home or returned from furlough, so that, with the exception of two Indian war veterans, the State is receiving U. S. aid for the support of all members of the Home who are actually present.

#### SUPPORT AND MAINTENANCE

The State appropriation of \$12,000 per annum and an additional appropriation of \$8,000 for the two years has all been

expended for support and maintenance, and the Home cannot be maintained in its present excellent condition and care for the increased number of members with any less appropriation. I, therefore, ask for an additional appropriation of \$8,000 for the years 1911 and 1912.

#### IMPROVEMENTS NEEDED

The management of the Home has always been handicapped by the lack of a suitable commissary building for the storage and proper care of subsistence supplies and other valuable property belonging to the State. The one now in use for that purpose is wholly inadequate, and supplies are necessarily purchased in small quantities for lack of a place to store them. Trunks and other baggage belonging to the members of the Home are now stored in the loft over the woodshed at the hospital, which is unsuitable and inconvenient. The most practicable way to remedy this would be to remodel the building now used for storeroom, milkroom and woodshed, making store and baggage rooms, and constructing a new woodshed on a suitable site detached from other buildings. This improvement can be made at a cost not to exceed \$1,000, and I earnestly recommend that the Legislature furnish the means and that the work be done as early in 1911 as possible. The porches of all the buildings and steps leading thereto should be thoroughly cleaned and painted.

The main building should be rewired for electric lighting.

#### TO RECAPITULATE

Appropriations are needed for the following purposes:

For additional support and maintenance, 1911-1912.....	\$8,000 00
For commissary building .....	1,000 00
For painting porches, etc.....	200 00
For rewiring main building and hospital .....	600 00

For information in detail of the changes in population, expenditures and conditions of the various funds, roster of members, list of members who have died, and for statement of the work accomplished in the hospital and the needs of the same, I invite your attention to the reports of the Adjutant and Surgeon, which accompany and are made a part of this report.

I desire to express to the publishers of daily and weekly newspapers throughout the State, who have so thoughtfully and generously donated copies of their publications, the appreciation and thanks of all the officers and members of the Home.

I also desire to thank the Grand Army of the Republic, the Woman's Relief Corps and the ladies of the G. A. R. for their

kindly remembrances in the form of books, magazines and other reading matter furnished the library of the Home.

In conclusion, my most sincere thanks are due you and all the State officers with whom I have had occasion to transact business, and for the uniform courtesy and assistance, and for the pleasant relations that have been maintained.

Very respectfully,

W. W. ELDER,  
*Commandant.*

## ADJUTANT'S REPORT.

## REPORT OF SURGEON.

*To the Commandant of the Oregon Soldiers' Home :*

SIR: I have the honor to present a report of the medical and surgical departments of the Oregon Soldiers' Home hospital, during a period from September 30, 1908, to and including the time to September 30, 1910 :

Number of patients in hospital September 30, 1908.....	28
Number of patients admitted since September 30 1908.....	126
Total cared for.....	154
Number discharged, recovered or improved.....	86
Number sent to State asylum at Salem.....	5
Number died in hospital at the Home.....	28
Total.....	119
Number remaining in hospital September 30, 1910.....	35
The causes of death were as follows:	
Senile decay.....	3
Heart disease.....	5
Cerebral hemorrhage.....	6
Apoplexy.....	1
Uraemic poisoning.....	2
Chronic gastritis.....	1
Dropsy.....	1
La grippe.....	1
Cirrhosis of liver.....	2
Bright's disease.....	2
Congestion of brain.....	1
Tuberculosis.....	3
Total.....	28

My appointment dates from July 9, 1909.

We have not had a single case that is traceable to poor sanitary measures, neither contagious nor infectious. This is due in the main to the absolute co-operation of the Commandant, together with the untiring efforts of the matron, Mrs. Ferguson, and the stewards. Nothing but the highest praise is due these attendants.

K. L. MILLER,  
*Surgeon, Oregon Soldiers' Home Hospital.*
